**Re: Withdrawal of Beneficial Reuse Determination (BUD) Application
Hess Corporation Former Port Reading Complex (HC-PR) - AOC 19: QC Lab
& AOC 90: Former Drum Compound
835 West Avenue
Port Reading, Middlesex County, New Jersey
Program Interest No. 006148
NJDEP ISRA Case No. E20130449**

Dear Ms. Lawson:

Earth Systems, Inc. (Earth Systems) has prepared this letter on behalf of Hess Corporation (Hess) regarding the August 2015 submittal of a BUD application for AOC-19 at the subject Site. As per the New Jersey Department of Environmental Protection (NJDEP) October 2021 Fill Material Guidance for SRP Sites, a BUD is no longer required for this AOC and therefore, Hess requests a withdrawal of the subject BUD application for this Site. Please forward the confirmation of this BUD withdrawal to my attention.

Should you have any questions or require additional clarification or information, please contact me at 732-739-6444 or via e-mail at jvirgie@earthsys.net. If you have any questions relating to the project and schedule moving forward, you can also contact Mr. John Schenkewitz of Hess Corporation at 609-406-3969.

Sincerely,

John Virgie, PG, LSRP
Sr. Client Manager
